

The name of Château Haut-Bages Libéral has two roots. The LIBERAL family ran the property in the early eighteenth century. Brokers from father to son, they sold the harvest in the Netherlands and Belgium. Their name adjoining to the topographical designation, earned them to be invited worldwide to the table of political parties of the same name. Over time, these connoisseurs gathered the best soils of Pauillac. Thus, this 5th Classified Growth in 1855 now has half of its vineyards adjacent to Château Latour and the other half behind Château Pichon Baron, on the heights of the locality "Bages", a large plateau in the south of Pauillac.

The property would regain his youth when, in 1960, the Cruse family, owner of Château Pontet Canet, another 5th Classified Growth in Pauillac, acquired the property. The Cruse would launch an extensive program of replanting the vineyard. However, it was in 1983 at the arrival of the Villars family that Château Haut-Bages Libéral really recovered its former glory. Today, the property is run by Claire VILLARS LURTON. She undertook an overhaul of the tool of winemaking and she directs the vineyard management to a sustainable viticulture.

Owner	Claire VILLARS LURTON
Production manager	Stefano RUINI
Winemaking consultant	Michel COUASON
Surface of the vineyard	30 hectares
Soil	Deep gravels from the Quaternary on limestone-clay substrate
Plantation	70% cabernet sauvignon, 30% merlot
Average age of vineyard	35 years
Density	10 000 plants/ha
Yield	1 kg/plant
Growing	Traditional-Integrated wine growing management
Harvest	Hand picking
Vinification	Traditional in stainless and concrete vats, whose volumes are proportional to the plots
Fermentation on skins	18 to 24 days
Blending	70 % cabernet sauvignon, 30 % merlot
Aging	In oak barrels during 16 months. 40% of new oak
Production	170 000 bottles, including the second wine
Second wine	La Chapelle de Bages, la Fleur de Haut-Bages Libéral
Conservation	5 to 30 years

CHARACTERISTICS OF THE VINTAGE

Winter and Spring were dry. Rainfall was below the average of the last 30 years. The low level of groundwater caused a drought, but without any water stress of the plants.

The great weather of June encouraged the flowering of the merlot and cabernet sauvignon. They both gave a good yield.

The ripening was homogeneous and steady thanks to the alternation of cold nights and sunny days from late August to September. The grapes were harvested at a perfect maturity.

This vintage has all the hallmarks of a classic vintage.

TASTING

The color is dark and intense. The wine is between two periods of its life ; it still has some fruit aromas but now the complexity begins to reveal. The nose offers aromas of red and black fruits with cherry and black berries but also so white truffle and spices. The palate is powerful, with a good structure and volume. A nice balance and some elegance
